[ ] for employment with the Central Intelligence Agency. I apologize for the time that it has taken for us to reply on this matter but we were required to search our archives. I find that [ ] applied in 1957 but that the file was destroyed after a year. I have asked the Personnel Office to ask [ ] to send us another application so that we can re-review it and determine whether we can find a place for him.

I might mention that we are actually employing few individuals in the professional ranks at this time except those who are entering our service through the Junior Officer Program--principally composed of recent college graduates. However, we are always interested in outstanding individuals.

I believe that you and I may have several mutual friends inasmuch as all of my mother's family are from Wheeling, West Virginia, and both [ ] and [ ] are first cousins. I hope that perhaps sometime we may have an opportunity to get acquainted.
